

XP-SR200K

CodeProx Access Standalone Proximity

Product Description

XP-SR200K standalone proximity is specially design with proven and reliable technology whereby it contains Built-In Integrity Monitoring System for maximum reliability. The Architecture is easy to install without any PC to operate. Therefore, it is easy to use, easy to program and easy to maintain.

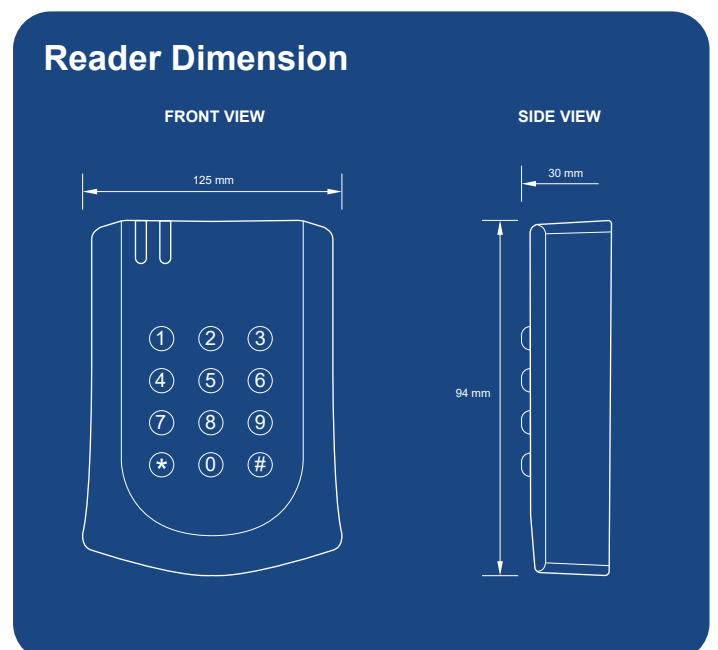

Product Features

- Card or Pin or Card + Pin Access**
 Allow access using a card, pin, or a combination of both for enhanced security
- Easy To Use**
 The programming, usage, and installation of this system are straightforward and user-friendly.
- Low Maintenance**
 Operating this system does not require a personal computer, and it is hassle-free to maintain.
- Reliable Technology**
 This system has been meticulously crafted with a reliable Integrity Monitoring System integrated within, ensuring utmost dependability and trustworthiness.

Card User Capacity	200
Keypad	Yes
Casing Dimension	125 mm x 94 mm x 30 mm
Door Relay Output(s)	Connect using a Power Lock Relay (MAS-RB2)
Inputs	2 (1 Door Sensor + 1 Exit Button)
Onboard Buzzer	Yes
LED Indication	Yes (Red & Blue White)
Configurable Lock Release Time	Yes (1 - 99)
Configurable Door Open Time	Yes (1 - 99)

DISCLAIMER: Specifications subject to change without notice

Product Dimension

Product Specification

Input Voltage	12VDC
Power Consumption	250mA
Onboard Memory EEPROM	Yes
Pin Access	Yes (10 sets)
